

After having worked with Judy Basso on many occasions over the years, I have nothing but positive things to say about her services. When working with Judy, you always know that your event will run as smoothly as possible. Judy has an uncanny ability to dress up a room, turning a grey board room into the perfect location for a tasteful cocktail party. Judy has an amazing eye for color and always creates an atmosphere appropriate for the event. Money spent on Judy Basso's services is always money well spent. I would not hesitate to recommend Judy Basso for the coordination and decoration of any event.
